

**During 2009 MAWA is offering
*Professional Learning for
Primary Schools based on
First Steps in Mathematics***

We can arrange after school (3:30 to 5:30) or Saturday workshops at your school that are tailored to your staff's needs. The cost to your school is reduced if places are also made available to teachers from other schools.

During Term 1, this opportunity is only offered to metropolitan schools. Country schools may negotiate arrangements for workshops in Terms 2 & 3.

To register your interest, please complete the following and mail, email or fax to MAWA promptly, as places are likely to be limited. The Primary Convenor will then contact you and complete negotiations.

Expression of Interest for Primary Workshops 2009

School _____

Address _____

Principal/Contact Name _____

Phone _____ **Email** _____

Workshop topic/content required: _____

Provide at least 4 alternative dates after 16th February 2009.
